[Issued patents](#)

[Applications](#)

[Transaction processing \*\*system\*\* and method having a transactional subsystem ...](#)

US Pat. 5835764 - Filed May 30, 1996 - International Business Machines Corporation

An applica- either part of the base **operating system** where the ... commit can be caused by an apph- as **database** and file **management**, communication services, ...

[Virtual memory \*\*system\*\* with hardware TLB and unmapped software TLB updated ...](#)

US Pat. 5835964 - Filed Apr 29, 1996 - Microsoft Corporation

10 10 15 25 It is also required to **synchronize** access to **database** structures within an **operating system** such as the task and **kernel** address maps described

...

[Event driven blackboard processing \*\*system\*\* that provides dynamic load ...](#)

US Pat. 5506999 - Filed Sep 22, 1994 - The Boeing Company

For example, instead of using a single module for **database management**, ... ECU

**operating system** 230 includes the ECU **kernel** (or monitor) 232 which, ...

[Processor having a trace access instruction to access on-chip trace memory](#)

US Pat. 6314530 - Filed Dec 17, 1997 - Advanced Micro Devices, Inc.

In a multi-tasking **operating system**, the **kernel** typically provides basic ... stores 713 provide such storage as file systems, registry and **database** support.

...

[Apparatus and method for interrupt handling in a multi-threaded \*\*operating\*\* ...](#)

US Pat. 5515538 - Filed Mar 29, 1994 - Sun Microsystems, Inc.

The **kernel** provides the file **system**, CPU scheduling, memory **management**, and

other **operating-system** functions by responding to "**system** calls". ...

[Special purpose \*\*operating system\*\* for executing a \*\*database\*\* server](#)

US Pat. 6691117 - Filed Aug 23, 2002 - Oracle Corporation

In many **operating** systems, **operating system** services are provided by both

service modules and by an **operating system "kernel"**, where the service modules

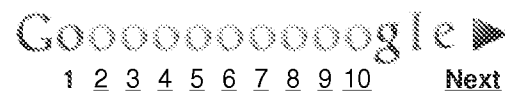

...

[Sharing executable modules between user and \*\*kernel\*\* threads](#)

US Pat. 6349355 - Filed Feb 6, 1997 - Microsoft Corporation

Critical **operating** 40 **system** components are implemented in **kernel** mode

**kernel**
